

This artwork, inspired by Grave of the Fireflies (1988), depicts the children forced to leave their homes as the violence intensified since the military coup.

Over three million people have been displaced since the military coup.

Almost half of them are children.
You can help us meet those in hiding or still on the move with food, shelter, medicine and other critical supplies. Supply a family with a month's worth of rice for just \$35.

Concept Art from Grave of the Fireflies
